

## BANANA TREE INSTRUCTIONAL INSERT

1. The Banana tree is approximately 5.5 to 7.5 feet tall depending on if you use the extra trunk sheet “Sheet 1A”. This tree also measures 5.5 feet wide. Before placing any sheets on the wall you need to make sure you have measured your space. Remember to please keep the protective backing on all sheets until they are ready to be applied to the wall.
2. Each piece of the tree is numbered 1 thru 10, please make sure you have all pieces of the tree along with one sheet of bananas.
3. The first piece you will put up is “Sheet 1” see photo below:

4. After you put up “Sheet 1” you will need to decide if you would like to make your tree at 5.5 foot tall tree or a 7.5 foot tall tree. If you would like to make your tree 5.5 feet tall continue on to Step 5. If you would like to make your tree a 7.5 foot tall tree you will now need to apply “Sheet 1A”

5. Now you will put up “Sheet 2A” this sheet fit above “Sheet 1 or Sheet 1A” depending on what height you decided to make your tree.

6. “Sheet 3” is applied next. This sheet will fit above “Sheet 1 or Sheet 1A” and to the left of “Sheet 2A”

7. "Sheet 4" will be the next sheet that you will put up. This sheet is a leaf that will go off of "Sheet 3" which you have already applied in step 6.

8. "Sheet 5" will be applied next. This sheet is a leaf that will also branch off of "Sheet 3" which you applied in step 6, and will be placed directly above "Sheet 4"

9. "Sheet 6" is the next sheet that you will apply. This sheet will be placed to the left of the tree, above "Sheet 5"

10. Here is where you will apply "Sheet 7". This sheet will attach to "Sheet 2A", which you have previously applied.

11. "Sheet 8" is applied next. This sheet will be placed directly to the right of "Sheet 7" which you just applied and also attaches to "Sheet 2A" which you applied in step 5.

12. "Sheet 2B" is applied next, this piece will go directly underneath "Sheet 7"

13. "Sheet 9A" is the next sheet that will be transferred. This sheet will connect on the right side of the trunk towards the top, you will see where the notch will fit into the trunk.

14. "Sheet 9B" is next it attaches to "Sheet9A" which you just put up.

15. "Sheet 10" is applied next.

16. Your tree is almost finished... all you need to add now are the Bananas... Once you've added these, sit back, relax and enjoy your new Banana Tree!
