BIRD OF PARADISE

INSTRUCTIONAL INSERT

Each completed Bird of Paradise will measure approximately 25”w x 31”h. Please remember to keep the protective backing on all sheets until you have measured your space and are happy with placement.

1. Cut Piece 1 from the sheet. This is the base of your Bird of Paradise, measure your space, decide on placement, remove protective backing and apply.

2. Cut Piece 2 from sheet. This is the left side of your Bird of Paradise, line up with the base that you have already put up, once you are happy with placement, remove protective backing and apply.

3. Cut Piece 3 from sheet, this is the right side of your Bird of Paradise. Line the bottom of this piece up with the base and the left side of Piece 2, once you are satisfied with placement, remove protective backing and apply.

4. Apply piece 4 which will go on the top of Piece 2

5. Once you are happy with placement, remove protective backing and apply. Enjoy!
